Professional Experience

Digiplus Interactive Corp. | Frontend Developer

Sep 2024 – Present

- Developed a mini bingo game for internal events using Vue 3 and Vant 4 UI library for responsive mobile web app.
- Transformed Figma UI designs and product requirements into responsive mobile web app and functional code.
- Developed and maintained multiple internal back-office management modules (Payment, Messaging, User Center, Marketing) for online gaming platforms based on product requirements using modern SPA framework (Vue2 & Vue3) with Element Plus.
- Adapted and set up the existing local back-office product for the Brazil system and contributed to its successful launch.

Five Freedoms Partners Inc. | Web Developer Intern

Sep 2023 – Nov 2023

- Handled both front-end and back-end tasks.
- Implemented new features on the company's UAT website using HTML, CSS, JavaScript, PHP, and jQuery.
- Managed and updated MySQL database entries to support system functionality and new feature requirements.

Pixel8 Web Solutions & Consultancy Inc. | Frontend Developer Intern

Jan 2023 – May 2023

- Translated UI/UX designs into functional, responsive web pages.
- contributed to the development of the company's user management system using Vue.js and Quasar.
- Accomplished hands-on training tasks to build practical skills in front-end development.

Other Projects

Barangay Malamig Certificate Request Services System (Capstone)

- Led a team in developing a web application for Barangay Malamig.
- Utilized ReactJS, Tailwind CSS, Node.js, Express.js, MySQL, and Redux Toolkit to build a scalable and efficient system.
- Integrated a communication channel using the Twilio API to enhance engagement between residents and barangay office staff.

Educational Background

Sep 2020 – August 2024	Rizal Technological University Bachelor of Science in Information Technology
